SUMMARY

Seasoned software engineer with more than a decade of experience in designing and developing scalable web applications. Passionate about building clean, maintainable code and driving best practices in software development. Experienced in leading teams, mentoring developers, and collaborating with cross-functional teams to deliver high-quality solutions.

WORK EXPERIENCE

CloudCore Solutions   **March 2021 - Present**
Senior Software Engineer   *London, United Kingdom*

- Led the migration from a monolithic system to a microservices architecture, significantly improving scalability and performance.
- Designed and implemented a serverless data processing pipeline using AWS Lambda and S3, reducing operational costs by 30%.
- Established CI/CD workflows for automated deployments and testing.

FinEdge Technologies   **May 2018 - February 2021**
Lead Backend Engineer   *Manchester, United Kingdom*

- Spearheaded the development of a real-time financial analytics platform, handling millions of transactions per second.
- Improved API response times by optimizing database queries and implementing Redis caching.
- Led a team of backend engineers, conducting code reviews and mentoring junior developers.

NextGen Media   **July 2015 - April 2018**
Software Engineer   *Birmingham, United Kingdom*

- Developed a high-traffic video streaming platform, implementing WebSockets for real-time interactions.
- Built a recommendation engine using machine learning models to personalize user content.
- Automated deployment processes with AWS CodePipeline and Docker.

EDUCATION

Brighton Institute of Technology   **May 2013**
Bachelor of Science in Computer Science   *Brighton, United Kingdom*

- Awarded a scholarship for outstanding academic performance.

SKILLS, INTERESTS

- **Skills:** Development; Database; Testing; Version Control; Platforms/OS
- **Interests:** Yoga; Travelling; Photography; Hiking; Chess; Reading; Cooking; Gardening; Running; Fitness; Volunteering
